Background and Introduction

Education is the most powerful weapon for future development. In the 21st century, we saw that world of education is changing every moment. The Indian government has announced its ambitious vision for the country to become a developed nation by the year 2047. This announcement was made on the occasion of India's 75th anniversary of Independence, and the government has laid out a roadmap to achieve this goal.

The new policies must bridge the gap between and the average Indian, who no longer wants to be tied to traditional time bound degrees. A Vision of NEP 2020 - India's 2047 on Higher Education is being utilized by researchers, scholars, and students for their academic development.

India is going to celebrate 100 years of independence in 2047. By that time we can imagine an education system that empower all Indians fosters inclusive growth & equips them for the challenge & opportunities of the 21st century. This vision covers inclusive and quality education, economics growth, environment sustainability, social progress & good governance to achieve developed nation status by 2047.

Purpose of Seminar

The purpose of this seminar is to create awareness among the teachers, students, academicians and research scholars about the NEP 2020. Apart from this, the seminar will also discuss about the vision of the government of India & how to transfer the country into a developed nation by 2047.

As we all know that education is the most powerful weapon for future development.
