International Journal of Scientific and Innovative Research Studies

The ***Editorial Board*** members edit manuscripts after they have been peer-reviewed. The Editor ensures that revisions have been completed if requested by peer reviewers. The Editor also make sure that manuscripts are grammatically correct, consistent in style, readable, and free of plagiarism or other scientific misconduct.

The ***Review Board*** members are expert in their respective subject area. In order to encourage a double blind review process where the referee remains anonymous throughout the process, we haven't formed stable Review Board. For each issue, we are inviting guest reviewers according to article received of particular subject. Reviewers are expected to write reviews in a timely, collegial and constructive manner.

The **International Advisory Board** provides advice and guidance for the ongoing development of IJSIRS journal. We are always open to new ideas and suggestions for enhancing the quality and stature of our journal.
